

REMARKS

The section entitled Cross Reference to Related Applications has been amended to correct a claim of priority. No new matter has been added by these amendments. Applicant respectfully requests that the amended paragraph be entered.

In the present application, the Examiner issued a first office action allowance and considered all of the prior art references cited in the parent application, and the claims are the same in the both applications. Therefore, Applicant submits that this amendment will not substantively change the allowability of the claims. Applicant recognizes that a provisional double patenting question must be resolved.

Accordingly, the applicant respectfully requests approval and entry of the amended claim for benefit under 37 C.F.R. 1.78(a)(3) and the continued prosecution of the application.

Respectfully submitted,
